

# Thermomaster Edge Protection

## Description

---

Save time and increase productivity with Thermomaster edge protection. It combines Masternet premium's alkali-resistant fiberglass strengthening stucco mesh to a PVC corner strip to improve the protection and mechanical resistance of the corners.

## Material

---

Made of PVC with alkali-resisting fiberglass mesh.

## Usage

---

For strengthening corners of external thermal insulation systems. Embedded in the base coat, it improves the protection and mechanical resistance of the corners and makes unnecessary the overfolding of the fiberglass mesh at the corner.

## Main application areas

---

- To protect corners
- EPS stucco
- Parging
